DENTAL SUPPLY

580 DC Milling Machine

580 DC

- 24x7 continuously working
- Intelligent automatic Disc charging
- Large capacity material storage can hold up to 12 plates
- Smart monitoring automatically detects disc lifespan and wear
- Remote operation for stronger situational awareness
- Real-time monitoring of work status
- The ability to control the machine remotely

Specifications

Name: 580 DC Milling Machine

Weight	360 kg	Input Voltage	AC 220V
Max Power	2.5 kw	Spindle Power	1.8 kw
Number of Axis	5 Axis	Milling Range	X:165mm Y:110mm Z:90mm
Processing Mode	Dry		A:±30° B:360°
Max Feed Rate	6,000 mm/min	Max Speed	60,000 rpm
Tool Changing Mode	Automatic	Tool Magazine Capacity	10
Processing Materials	Zirconia, WAX, PMMA	Spindle Cooling	Water Cooling
Dimension (L*W*H)	950X750X1740 (mm)	Processing Time	8 mins (Zirconia Crown)
